

"PUT UP OR SHUT UP," SAYS PRESIDENT AT INDIANAPOLIS

Declares Opponents of League of Nations Cannot Hope to Defeat Program Except by Offering Something Better

INDIANAPOLIS, Ind., Sept. 4.—"Put up or shut up," was the advice given opponents of the league of nations by President Wilson tonight in the second address of his ten thousand mile tour of the United States.

"If the critics of the league have something better to suggest," he said, "I hope they will hold their convention and do it now."

He said the league opponents could not hope to defeat the program except by offering something better.

Would Make Wars Improbable
INDIANAPOLIS, Ind., Sept. 4.—President Wilson told a crowd of several thousand tonight that no one believed the league of nations would make all wars impossible, but that he expected it to make war "violently improbable."

The economic and arbitration sections of the covenant, he asserted, would "keep war on the outskirts" and make it only a "last resort."

Opponents of the league of nations had discussed only three out of twenty-six articles of the covenant.

The articles which would make war improbable had been overlooked.

Calling on opponents of the league of nations to present a "better program" for peace, the president declared it is a case of put up or shut up.

The president said his speaking trip was partly to point out how "absolutely ignorant" of the contents of the covenant some of its opponents were.

If they read the English language at all, he said, "they do not understand it as I do."

He said he wanted to forget and wanted the people to forget that they were Republicans or Democrats.

"I am an American," he declared, "and a champion of the rights which America believes in."

At this the crowd cheered and there was another outburst of cheering when he declared he had "not the slightest doubt" what the verdict of the people would be.

Some delegations, he said, went to the Paris conference with causes which were not considered properly within the scope of the peace conference.

In that connection he pointed out that under article eleven any threat of war could be investigated by the league.

"At present," he said, "we have to mind our own business but under the covenant and the league we can mind other people's business."

There wasn't an oppressed people anywhere, he said, that could not get attention for its case under the league. He did not name any oppressed people but many of his hearers remarked that they thought he spoke of Ireland.

Referring to the Shantung settlement, he pointed out that Japan repeatedly had promised to return the peninsula to China. He did not go into the subject at length but mentioned it in emphasizing that the covenant would refuse to recognize the validity of secret treaties.

The president said he could look the mothers of the country in the face proudly because he had kept his promise to do all he could to prevent any more war.

"This league," he said, "is the only conceivable arrangement which will prevent sending our men abroad again very soon."

Referring to the economic sections, he said that if he did wrong he would rather be shot than stand up for the judgment of mankind.

Explaining how the treaty freed many small peoples the president said that Poland for example had been given a unity she could not have won and an independence she cannot maintain. "Without aid from the great powers,"

Great Crowd Hears Wilson.
Indianapolis, Ind., Sept. 4.—Before a crowd that filled to overflowing the Fair Grounds coliseum with a seating capacity of 16,000, President Wilson tonight made the second address of his tour. The president began speaking at 8:15 o'clock and was given an ovation as he arose.

The president was escorted to the coliseum at the State Fair grounds by a committee which included Governor James P. Goodrich, Mayor Charles T. Jewett of Indianapolis; Thomas Taggart, former Governor Samuel L. Ralston and Franklin McCray, president of the Indiana branch of the league to enforce peace. Thousands of persons, including many visitors to the state fair, crowded the streets and cheered lustily as the president passed.

James P. Goodrich, Republican governor of Indiana, in welcoming the president at the Coliseum said everyone wanted a better understanding among the nations but that every true American citizen also favored a strong nationalism. He pleaded for all

GOES TO ST. LOUIS

ST. LOUIS, Mo., Sept. 4.—President Wilson is scheduled to arrive here at 4 a. m. tomorrow where he will make two speeches in defense of the peace treaty. He will address a private banquet of the chamber of commerce at noon and will make a public address at the Coliseum at 8 p. m.

parties to lay aside partisanship in deciding the issues of the peace treaty.

When the governor mentioned that the meeting was to hear the president, the crowd cheered for several minutes and the governor could only stop them by presenting Mr. Wilson.

It was ten minutes before the crowd was quieted and the president proceeded. He traced the incidents from which the great war started, saying the significant circumstance was that Austria and Germany "did not dare to discuss" the demands made on Serbia.

It generally was admitted abroad, he asserted, that if there had been discussion there would have been no war. This fact, he said, recalled that the "part of the league of nations covenant," the agreement not to go to war for nine months after a controversy became acute, had not been considered at all by those who criticized the league.

"If there had been nine days," said the president, "Germany would not have gone to war."

It was a solemn pledge to those who fought the war, he said, that there should be such an arrangement to prevent future wars.

"The act which was characteristic of the beginning of this war was the violation of the territorial integrity of Belgium," he continued adding that one of the primary provisions of the league covenant was to prevent violation of territorial integrity.

This provision he pointed out, was contained in the much discussed article ten, he declared.

the sea. You will remember that a prince of the house of Austria was slain in one of the cities of Serbia. Serbia was one of the small kingdoms of Europe. She had no strength which any of the great powers needed to fear. As we see the war now Germany and those who conspired with her made a pretext of that accusation in order to make unconscionable demands for the weak and helpless kingdom of Serbia, not with a view to bringing about an acquiescence in those demands but with a view to bringing about a complete subjugation of her purposes, quite separate from the purposes connected with these demands, could be achieved.

"Just as soon as these demands were made other nations of Europe sent telegraphic messages to their representatives at Vienna and Berlin urging them to ask the governments of Vienna and Berlin to enter into discussion of these matters.

WILSON DECLARES CRITICISM OF JAPAN IS NOT JUSTIFIED

RICHMOND, Ind., Sept. 4.—(On Board President Wilson's Special Train.)—Criticism of Japan because of that country's attitude toward the Shantung question is not justified, President Wilson told a crowd that gathered about the train at Urbana, Ohio.

Japan cannot act in the matter of Shantung, he said, until three months after peace comes.

"Then I am sure she will do so," "I think you will beat them," some one in the crowd said, referring to the critics.

"There case is so weak," the president replied, "they are not hard to beat."

After the train left Urbana, Mr. Wilson went into the club car and chatted with the correspondents. He told stories of humorous incidents connected with previous

He said he was astonished by many of the statements made about the treaty and said he was convinced they had been made by men who had not read it or who had failed to comprehend its meaning. The league of nations, he declared was formed in fulfillment of the promise that the United States was fighting this war to "end business of that sort," forever. Not to establish the league, he said, would have been unfaithful to those who had died.

Besides, he said, the treaty "tears away" the chains of oppression and gives small nations the right to live their own lives.

"That," he said, "was the American position and I was glad to fight for it."

The president praised the treaty provision providing for an international labor organization which will hold its first meeting in Washington next month. He declared the meeting would be held whether the treaty had been ratified by them or not.

SENATORS ADOPT 4 RESERVATIONS TO GERMAN TREATY

Deals With Monroe Doctrine, Domestic Relations, Etc.

WASHINGTON, Sept. 4.—Four reservations to the German peace treaty were adopted late today by the senate foreign relations committee dealing with the Monroe Doctrine, withdrawal from the league of nations, domestic questions and Article X of the league covenant.

Record Vote Not Taken.
After adoption of four reservations, the committee ordered the German peace treaty reported to the senate. A record vote was not taken.

Considered Next Week.
Chairman Lodge of the committee announced that the treaty with the majority report would be presented to the senate early next week and that the minority would be given three days after in which to file its report. Consideration of the treaty in the senate probably will not begin until week after next. The Monroe Doctrine reservation adopted 11 to 6 declares the United States shall be its interpreter. By the same vote the committee adopted the resolution providing that tariff, immigration and similar domestic and political affairs of the United States shall be determined by that nation alone without intervention of the league.

Withdrawal Reservation.
The withdrawal reservation was adopted 9 to 8 and provides that the United States reserves the right under the provisions of the treaty to withdraw from the league.

Ratification Resolution.
The resolution of the ratification with the reservations adopted follows:

Resolved, (two thirds of the senators present concurring therein) That the senate advise and consent to the ratification of a treaty of peace with Germany, signed by the plenipotentiaries of the United States and Germany and by the plenipotentiaries of the twenty seven allied and associated powers, at Versailles, on June 28th, 1919, with the following reservations and understandings to be made a part and a condition of such ratification which ratification is not to take effect or bind the United States reserves the following reservations and understandings have been accepted as a part of and a condition of said instrument of ratification by at least three of the four principal allied and associated powers, to-wit: Great Britain, France, Italy and Japan.

First.
The United States reserves to itself the unconditional right to withdraw from the league of nations upon the notice provided in Article X of said treaty of peace with Germany.

Second.
That the United States declines to assume under the provisions of Article X under any other article any obligation to preserve the territorial integrity or political independence of any other country or to interfere in controversies between other nations members of the league or not, or to employ the military or naval forces of the United States in such controversies, or to adopt economic measures for the protection of any other country whether a member of the league or not, against external aggression, or for the purpose of intervention in the internal conflicts or other controversies which may arise in any other country and no mandate shall be accepted by the United States under Article Twenty two, Part I, of the treaty of peace with Germany, except by action of congress of the United States.

Third.
The United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating to its affairs, including immigration, coast wise traffic, the tariff, commerce, and all other domestic questions are exclusively within the jurisdiction of the United States and are not under this treaty submitted in any way either to arbitration or to the consideration of the council or of the assembly of the league of nations or to the decisions or recommendations of any other power.

Fourth.
The United States declines to submit for arbitration or inquiry by the assembly or the council of the league of nations, provided for in said treaty of peace, any questions which in the judgment of the United States depend upon or relate to its long established policy, commonly known as the Monroe Doctrine; said doctrine is to be interpreted by the United States alone and is hereby declared to be wholly outside the jurisdiction of said league of nations and entirely unaffected by any provision contained in the said treaty of peace with Germany.

Russian Soviet Is Approved By Socialist Party

CHICAGO, Sept. 4.—In a declaration of principles adopted today the national socialist party endorsed the soviet republic of Russia and the international socialist movement and condemned the league of nations.

The delegates jumped to their feet and cheered for several minutes when the paragraph was read approving the soviet republic of Russia. The document compared the Russian revolution with the American revolution of 1776.

William D. Hayward, secretary and treasurer of the industrial workers of the world, recently released from the Leavenworth penitentiary pending the appeal of his case, was invited to address the convention of the Communist Labor Party today but he sent a letter declining and explaining that the time was not opportune for him to deliver public speeches.

Delegates today wore Russian soviet buttons sent by a local branch of the Russian Socialist Federation which applied for the privilege of being the first industrial branch of the new party to be organized.

ROSE PASTOR STOKES BARRETT
Provision in Communist Party Platform Also Bars Lloyd.

Chicago, Sept. 4.—Despite the plea of Rose Pastor Stokes, the communist party put into its platform late last night a provision that no one receiving money from rent, interest, or profit can belong Mrs. Stokes and William Gross Lloyd, who signed the appeal bonds which released a number of convicted I. W. W. members from Leavenworth penitentiary recently, thus are barred from fellowship. The communist party members, radical socialists who left the national socialist convention now in session here to organize along more "pronounced" lines, also decided that doctors, lawyers and editors can have no part in the "coming revolution."

REGARDING THE MONUMENT

Few enterprises in this locality have caused more heart-burning and annoyance than the monument to the memory of the soldiers and sailors of the civil war.

It is earnestly hoped now that the work will go forward though more delays are in sight which seem to be unavoidable.

Capt. Swales has been in communication with the contractors and some of the correspondence is herewith submitted.

After mentioning some minor matters regarding the figures the writer goes on to say:

This figure to be cut in granite will require about three months. The last we heard from the granite quarries the strike had been settled and satisfactory progress was being made with the cutting.

Shipment might be made this fall unless unforeseen events further delay the work which we do not anticipate.

Three fourths of the bronze tablets have been completed and have been inspected by us and have proved very satisfactory.

The sculpture work has taken the longest time. Crunelle has had other work he could not neglect but that is done and progress on the Jacksonville monument ought to be more rapid.

I do not think you are any more sorry than we are for the way this work has dragged but when finished it will be the best in the state.

The sculptors who called at our office and saw the photograph of the "Patriotism" group consisting of the finest piece of sculpture in this part of the country.

Mr. Resold, one of the sculptors, said it reminded him of the work of Michael Angelo and was every way equal to it.

These expressions of opinion were unsolicited, the photos happened to be lying on my desk.

Mr. Taft has expressed himself with the greatest enthusiasm over it.

Mr. Crunelle has restudied the "Sacrifice" group and it is very much ahead of the former one.

This has caused some delay which I think will be justified by the better results gained.

The working drawings which were sent to us from the quarries for approval indicated accuracy on the part of the contractors and the blocks of granite which were delivered for the sculptural group were of a high quality granite.

The frames for the bronze tablets are all cast, finished and ready for assembling.

A demonstration of economical and practical power farming will be given by the "MOLINE UNIVERSAL" at the ALL TRACTOR MEET on the R. S. Wood farm this afternoon. We invite you to come out. BERGER MOTOR CO., Agents.

IS WORTH GOING ONE HUNDRED MILES FOR

That is What Mrs. Burns Says of Tanlac—She Gained Nine Pounds After Taking This Medicine.

"I had to go sixteen miles to get my first bottle of Tanlac, but from the way the medicine helped me, I would gladly go a hundred miles rather than be without it," said Mrs. George M. Burns, of 1909 Spruce avenue, Kansas City, Mo., to a Tanlac representative, recently.

"For six months before I commenced taking Tanlac I had suffered a great deal with stomach trouble and indigestion," continued Mrs. Burns. "I simply didn't have any appetite at all and what little I did manage to eat didn't seem to do me much good, because I couldn't seem to get any strength and I was so awfully nervous I could hardly stand a bit of noise and even the bark of a dog would upset me completely. My kidneys gave me a lot of trouble, too, because I suffered a lot with pains in my back and I finally got so weak and run down in health I wasn't able to do my housework."

"I was in just this condition when a friend of mine, who had taken Tanlac and been greatly helped by it, told me I ought to take it. At the same time, I was living at Chautauqua, Kan., and had to go to Sedan, about sixteen miles away, to get the medicine, but it was certainly worth going that distance, or more for, because the Tanlac helped me almost from the very start. My appetite picked up right away, so I continued to take Tanlac and now I can eat just anything I want and what I eat does me good, too, because I am gaining in strength right along. I have already gained nine pounds in weight and my nerves are in fine condition and I can sleep just as soundly at night now as a child and get up in the morning feeling perfectly rested and refreshed. Tanlac has certainly built me up, because my general health hasn't been as good as it is now for years and I have recommended the medicine to many of my friends and all who have taken it tell me they have been benefited. Tanlac has done me more good than anything I have ever taken and I cheerfully recommend it for stomach trouble and for those who need a general building up."

Tanlac is sold in Jacksonville by Coover & Shreve; in Murrayville by M. P. Gilbert; in Waverly by the Wyle Drug Co.; in Woodstock by the Joy Drug Co.—Adv.

DEATHS
Casteen.
Mary E. Gaston, daughter of Dr. and Mrs. S. H. Gaston, was born at Middle Grove, Mo., March 3rd, 1846 and died at St. Louis, Mo., August 25, 1919. Deceased was reared in Versailles, Ill., where she attended the public schools, later finishing her education at the old Presbyterian Academy in this city.
She was married to Josephus Casteen May 6th, 1866 and to this union four children were born, three of them preceding their mother in death, Mrs. Mattie O'Neal, Charles C. and Miss Lulu Casteen, who for a number of years taught in the public schools of Morgan county. Mrs. Casteen was a resident of Jacksonville for more than fifteen years, and while here was a faithful member of the Brooklyn M. E. church. She was a good neighbor and had many friends here and elsewhere who will be pained to learn of her death.
She leaves to mourn her loss two sisters, Mrs. Lida Briggs of Chapin, Ill., and Mrs. Susie Heitzig of Marysville, Mo. Also one son, W. H. Casteen of St. Louis, Mo., and one grandson, Francis O'Neal of Hamilton, Ill.
The funeral services were held at the M. E. church at Versailles, Ill., Thursday, August 28, at 2 o'clock p. m., after which the remains were laid to rest in the Versailles cemetery.

Social Events
Held Monthly Meeting.
Members of the Baptist Aid society of Liberty held a regular meeting Thursday afternoon at the home of Mrs. Al Dunlap. There was a large attendance of members and after the business session came a social hour with a word contest, in which all present took part. The members completed some of the arrangements for a chicken supper to be held at the church next Wednesday, Sept. 10th.
Luncheon for Mrs. Anderson.
Mrs. J. H. Danskin was the hostess Thursday at a luncheon given in honor of Mrs. J. Wilbur Anderson of Kansas City. Only intimate Jacksonville friends of Mrs. Anderson were numbered in the list of guests. The luncheon was handsomely served and in every way the occasion was one of great pleasure.
Union Missionary Society Meets With Mrs. Curry.
The Union Missionary Society met Thursday with Mrs. Albert Curry. An elegant dinner was served from which about \$7.00 was realized for missionary purposes. After the dinner a program was given, consisting of music by Mrs. Albert Curry, and a round table talk on the work and sacrifices of the missionaries led by Mrs. Everett Burnett.
The household science talk on motherhood was given by Mrs. Theodore Lukeman. After roll call the meeting was dismissed. The next session will be held with Mrs. Everett Burnett, the first Wednesday in October.
Farewell Party for Mrs. Smith.
Members of the Housekeepers class of Westminster church gave a picnic supper Thursday evening at the home of the Misses Tholen on West Lafayette avenue, in honor of Mrs. Emma G. Smith, a member of the class. Mrs. Smith is soon to leave for Champaign to be resident for several years while her daughters and son are attending the university.
After an excellent supper had been served Mrs. F. C. Noyes who is president of the class, presented Mrs. Smith with a brooch as a token of the very high regard in which the members of the class hold her. The gift came as an entire surprise to Mrs. Smith, but she voiced her appreciation of the gift in an appropriate way.
Mrs. R. R. Stevenson is the teacher of the class and the maintained interest is shown by the large attendance from week to week.

Pleasant Gathering at Home of Reuben Ham.
A very pleasant day was spent Sunday, Aug. 31, 1919, when a company of 32 relatives and friends gathered at the home of Reuben Ham at Meredosia, to spend the day. The day was spent in music and conversation and a good time was had by all. Mrs. Ham is noted as a good cook and a very delicious dinner was served of which all present did justice. Mr. Ham is a very good watermelon raiser and he brought some very fine samples and the company had plenty to eat.
Those present were: Mr. and Mrs. George Canham, Mr. and Mrs. Nelson Canham and daughter Belva, Miss Gladys Williams, Mr. and Mrs. Oscar Canham, son and daughter George Reuben and Vera, all of Chatham, Ill.; Mr. and Mrs. Elmer Hanham and son Raymond Lee, Mr. and Mrs. Richard O. Brown of Springfield, Ill.; Thomas Foster of Curran, Ill.; Mr. and Mrs. Wells C. Ham and daughter Dorothy Bernice, Mr. and Mrs. Chas. W. Dickinson and daughter Marjorie of Griggsville, Ill.; Mr. and Mrs. Bert Boles and daughters Helen and Elizabeth, Robert Ames of Quincy, Ill.; Mr. and Mrs. Edward Lear, daughters Faye and Leona of Chapin, Ill.; Mrs. Louisa Boles of Coffeyville, Kansas, and Mr. and Mrs. Reuben Ham and son Eliza. One Present.

Make First Cake of Ice.
The new artificial ice plant at Roodhouse turned out its first cake of ice Wednesday. Hereafter the Alton will have no concern regarding the ice supply at that terminal as the new plant will work twelve months out of the year, keeping the huge houses supplied with the coagulated fluid. The failure of the ice crop last year led to the formation of a company to manufacture ice. Water has been piped a distance of nine miles from springs east of Roodhouse and the flow averages a million gallons per day. It is hoped to pump enough water from these springs to take care of the municipal needs of Roodhouse, or the Chicago & Alton, and also of the ice manufacturing plant. Trainmaster R. T. Burdette, of the Alton, who is on a leave of absence, is one of the promoters of the water company.

local freight conductor between Springfield and Alton.

George J. Charleston, general passenger agent of the Alton, and party, were visitors in Jacksonville Wednesday evening. They came in from the north on No. 71 arriving here at 8:40 o'clock and left Thursday morning on No. 31, leaving at 6:45 a. m. They were enroute to St. Louis.

Merle W. Daney, of Springfield, division passenger agent of the Alton, was a business caller here Wednesday.

Yesterday was a remarkably quiet day in railroad circles insofar as passenger service was concerned. First Trick Operator Webster remarked that the Burlington had sold fewer tickets for afternoon trains yesterday than for many days. The passenger travel has been unusually heavy lately and any slackening in demand for tickets is noticeable in comparison. Freight business on all roads continues heavy.

At the Car Shops.
Boilermaker **Walter Quinlan** is still kept at his home on account of the injury he recently sustained while working on a tractor. He had the misfortune to lose a portion of the index finger of his right hand. The accident happened seven or eight weeks ago.

The force at the boiler shop under supervision of Foreman **Davidson** have been busy Wednesday and yesterday welding four inch flues for shipment to Springfield. The work is being done by the acetylene-oxygen process. The men turn out from four to seven flues an hour, but the average is about five.

Superintendent George Imgrund left Wednesday night for Chicago on business. He expects to be away for several days and may visit St. Paul before returning to this city.

Machinist Foreman John Clancy, is acting superintendent in the absence of Mr. Imgrund.

On account of a rush of work in the machinists' department **James Oster** and **George Collinson** have been transferred from the boiler shop to the machine shop.

Miss Laura C. Buckley, timekeeper, yesterday became secretary of a thrift and war savings stamp organization at the local shops. It is the purpose to supply all of the workers at the shops with these stamps as they wish to take them. The stamps will be handled thru the various departmental foremen. **Miss Buckley** will purchase the stamps for the men and keep an account of all purchases for them. This plan is being fostered in all factories and industrial plants throughout the country at the present time by the government.

Superintendent George Imgrund plans to attend a general mechanics' meeting to be held in the office of the superintendent of motive power at Bloomington next Sunday. The C. P. & St. L., the P. & P. U., C. & A., and several other roads will be represented at the meeting.

Edgar McGinnis, machinist, has been kept at home by illness all this week.

Miss Jessie Yeck, daughter of **George Yeck** of the blacksmith department, has returned to her home on East College avenue after a pleasant visit in New Mexico.

SCHOOL BOOKS TO BE USED IN
PUBLIC SCHOOLS THIS YEAR

There will be no changes in the text books used in the grade schools except that of mathematics in the 7th and 8th grades. The new book is the Vothburgh and Gentleman Junior High School Mathematics. This book was tried out last year with much success and it will take the place of Wentworth-Smith Essentials of Arithmetic, Book 3. An arrangement is made whereby a very small allowance will be made for the exchange of the old book.

Last spring the board of education adopted a new series of tablets manufactured by the Marcus Ward Co. These tablets are similar to those used in former years except the numbers are different. Several of the merchants have some of the old tablets on hand and these are to be used first. The former tablets No. 87 and 75 have been discarded.

GOOD ADVICE

"Several years ago I was under treatment of a stomach specialist for 5 months, 3 weeks of which were spent in a hospital. Another stomach specialist told me I had gall stones and that an operation was necessary. I did not want to have this. I lost 45 pounds in weight. Talking with a brakeman one day he told me of May's wonderful Remedy and since taking it I have gained 16 pounds and am feeling fine. I am advising others to try it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. LYNNVILLE CHURCH GAVE CHICKEN SUPPER

The Ladies Aid Society of Lynnville Christian church gave a chicken supper Thursday evening on the lawn opposite the new church that is being erected, which proved a great success.

There was a large crowd present, ideal weather conditions, good roads bringing many from Jacksonville, Winchester, Liberty and Franklin.

Mrs. W. A. Davidson is president of the society and Mrs. Carl May was chairman in charge of the general arrangements. Most of the materials were contributed and the DeLo Light company of this city furnished the lights for the evening. The proceeds will total \$250.

The ladies of the church are working in the interest of the organization and have already raised a considerable sum which will be contributed toward paying the cost of building the new edifice.

GRACE CHURCH HOLDS HARVEST HOMECOMING

More Than Two Hundred Gather at Event—Debt of \$10,000 Paid Off and Mortgage Burned—Last Quarterly Conference Held

More than two hundred were present at the Harvest Homecoming at Grace church Thursday evening. The company consisted of members of the congregation and their families and an excellent chicken supper was served by the Pastor's Aid Society of the church.

One of the most important events in the annals of the church was the burning of the mortgage of \$10,000 which has been fully paid and the building is now on the records of the county as the property of the church. The accomplishment of paying off this indebtedness was done under great difficulties as the past three years with the war and other increasing costs which made the raising of money difficult.

Following the supper Dr. Madden, with appropriate remarks introduced Dr. T. J. Pitner as toastmaster. The program of toasts as printed in the Journal of recent date were given. Following the program the ceremony of burning the mortgage was carried, the mortgage being burned by Mrs. G. E. Baxter, president of the Pastor's Aid society.

After the program of toasts and the burning of the mortgage the last quarterly conference was held with Dr. E. L. Fletcher, district superintendent presiding. Reports were received from all departments of the church and Sunday school. These reports showed a satisfactory condition in all departments. The pastor's report which is published elsewhere in this issue and the list of stewards, trustees and committees is also given.

When it is considered that the influenza epidemic kept all churches closed for ten weeks during the last conference year the results achieved are remarkable. The report of Dr. Madden revealed how thoroughly all departments have been organized under his supervision.

The pastor reported that the mortgage and notes had all been paid and the church property was clear on the county records and the abstract, and insurance policies had been turned over. The conference year will close in two weeks and reports show that all accounts are practically square.

Dr. Fletcher spoke highly of the report of Dr. Madden, saying it was one of the best that he had ever seen. "Dr. Madden," said the speaker, "came to Grace church four years ago just after the erecting of the new building. There is always a relaxation and a dying down of enthusiasm following the building of a church. This makes it difficult to raise money."

"That so much has been accomplished during these years is because of the close cooperation of every member of the church. This cooperation was made possible by the superb leadership of Dr. Madden."

There were a number of new comers to Jacksonville for residence, present who will become members of Grace church. They were introduced to the company and were given a hearty welcome. The members of the Pastor's Aid are to be congratulated that the event proved such an unqualified success.

Pointed Paragraphs

This is great golfing weather for those getting out on the Nichols Park links? Or are you too busy figuring on the grocery and coal bill for the winter to golf much. Same here.

"It takes eleven days for low priced hogs to be reflected in low priced pork chops," notes the Wichita Eagle, "and eleven minutes for high priced hogs to be reflected in high priced pork chops."

People who are buying government rationals will not invite returned soldiers to dinner while the supply lasts.

The late Andrew Carnegie always regretted that he was not a reporter, and thousands of reporters have regretted that they were not Carnegie.

One consolation of the tobacco users is that if the habit shortens life it takes the years off the end which is least important.

The thermometer and the scale of prices are expected to go down smoothly and simultaneously.

Almost time to pay off the ice man and start the coal bill.

What does a man mean when he says, "Since Jacksonville went dry?"

It is said that about the only thing missing at the state fair at Springfield was the old fashioned farmer who used to carry his buggy whip with him.

Patrons will learn next Monday that school books still cost a little something.

AGREEABLY SURPRISING. Jay E. House in the Philadelphia Public Ledger: If it is any satisfaction to President Wilson to know it, we are frank enough to say that his refusal to kiss the recalcitrant railway shopmen came to us as an agreeable surprise. Having watched President Wilson impress that never-to-be-forgotten caress upon the brotherhoods in 1916, we had not given him credit for his present admirable control of his ardor.

NOT PARTICULARLY DISTURBING.

Kansas City Star: Probably the Turkish government will not be particularly disturbed by the president's warning to stop killing Armenians, especially as it may have observed the lack of results when he warned the Mexican government to stop killing Americans.

EASY TO BE OUTSPOKEN

Springfield, Mass., Republican: Mr. Gompers on his arrival declined to be interviewed on the labor question, but without hesitation revealed his thoughts about profiteering. On that theme nobody hesitates to speak.

A CURE FOR THE BALKANS.

SHRINKAGE OF THE \$

Providence Journal: According to what they are telling us about the reduced value of money, it appears that every little dollar added to what you've got makes just about fifty cents more.

USEFUL.

Sioux Falls Argus-Leader: If we should succeed in knocking out the big packers what would we do for a goat when things go wrong? And what would our cheap politicians talk about?

THEY KNOW HOW IT IS.

Omaha World-Herald: A lot of people who find it hard to keep up with grocery bills will know how to sympathize with the grocery man who has difficulty with his credits.

PARTLY RESPONSIBLE

St. Paul Pioneer Press: Maybe the fact that everybody is buying silk shirts at \$10 apiece has something to do with the cost of living—high living, that is.

WINCHESTER MOTORISTS NARROWLY ESCAPE

Southbound Burlington Passenger Train Hits Automobile Containing Four Persons Thursday Afternoon—Other News of Scott County.

Winchester, Sept. 4.—Mr. and Mrs. Albert Parks, Miss Reba Ritchie, and Francis Gilmore, brother of Mrs. Parks, met with a serious accident Thursday afternoon at 2:45 o'clock when the car in which they were riding was struck by the southbound Burlington passenger train No. 48 due here at 2:25.

Mr. Parks and party had started to Jacksonville in his car and had reached the railroad crossing north of town, just east of the old coal shaft, when they were hit. None of them were killed but all, with the exception of young Gilmore who jumped, were more or less badly hurt.

After the accident Parks made the statement that his brakes failed to work; that he attempted to stop as soon as he saw the oncoming train but was unable to do so and slid onto the tracks in front of the locomotive. There is a field of corn just to the north of the track at this particular crossing and it may be that this corn served in some measure to obstruct the motorist's view. The train was about twenty minutes late.

As soon as the train was sighted by the people in the ill fated car, Francis Gilmore jumped out of the auto and escaped any injury.

The others of the party did not have time to get free from the car before it was struck. Mrs. Parks was badly bruised about the body and was unable to arise from the road where she was thrown. As soon as possible the passenger train stopped and backed up. Mrs. Parks was placed on a stretcher and all of the injured were helped on the train and taken into Winchester where they were given medical attention.

Mr. Parks was knocked unconscious by the train but soon regained consciousness and was able to walk. He sustained a broken right wrist and injuries about the head, his face being badly bruised.

Miss Ritchie's right arm was broken between the shoulder and the elbow. She also suffered severe bruises on her right side. Upon the arrival of the train in Winchester Miss Ritchie and Parks were taken to the office of Dr. H. H. Fletcher where their injuries were dressed.

Mrs. Parks was taken to the home of Mr. and Mrs. James Andell, where Dr. J. W. Eckman attended her. While the extent of her injuries are undetermined because she is so badly bruised and is suffering from shock, her many friends here hope that her injuries will prove of no serious consequence.

To one who viewed the scene near the crossing soon after the accident happened it seemed miraculous that any of the occupants of the car escaped with their lives. The car is utterly demolished and wreckage is strewn along the right of way for a distance of several hundred yards. The rear license tag and several of the spokes of the rear wheel were found on the pilot of the engine.

News Notes.

Rev. W. S. Gibson and wife returned Thursday to their home in Greenfield, and Rev. and Mrs. Edward Gibson returned to their home in Alton after a pleasant visit at the home of Mr. and Mrs. Earl Nelson.

Mrs. Alice Bates and daughter Miss Hattie Urley returned Thursday after a two weeks visit with Mr. and Mrs. George Bates of Galesburg.

George Woodall returned from Peoria where he was called a few days ago by the accident in which Mrs. Woodall was injured. Mrs. Woodall suffered a badly sprained ankle and other bruises which will prevent her from returning to Winchester for several days.

The old Harlan property northeast of the court house is being torn down. It is one of the old landmarks of Winchester.

Mrs. William Kincaid and daughters left Wednesday for Galesburg, where they will spend the winter.

H. L. CALDWELL NOW WHITE HALL ENGINEER

Head of Local Engineering Firm
Will Make Plans for Pavement
—Tax Levy Ordinance Passed
—News Notes.

White Hall, Sept. 3.—White Hall has taken up the paving proposition in earnest. At the regular September session of the city council Tuesday night H. L. Caldwell of Jacksonville was employed as city engineer, and he was instructed to prepare plans and estimates in conjunction with City Attorney Winn for the first section of paving to embrace the immediate business section of Main street. Over two miles of paving are under contemplation. A representative of the brick manufacturers' association was present. The annual tax levy ordinance was passed, which calls for \$26,375, including \$3,000 for salaries and \$2,300 for park purposes. It was decided to install three illuminated traffic posts at the downtown intersections of Main street, each post to have a cluster of five lights of 100 cp each and an arc light. Mayor McLaren stated that he would be a guest at the luncheon in the Statler hotel in St. Louis Friday which is to be attended by President Wilson.

The city accepted from Mrs. Zeno Stocks of Kansas City, a deed to the property donated by the Stocks family as a part of Whiteside park.

White Hall Notes.
Lee Rowland and family are preparing to move to St. Louis in a couple of weeks, where Mr. Rowland has become well located in the insurance business. The elegant residence on West Bridgeport street, which they vacate is now the property of Jack Coker of Patterson, who will move into it next month.

R. E. Bell and family departed Monday on their return overland to Fremont, Nebraska, after spending two weeks here.

Mrs. H. A. Childers is at Metropolis, Ill., on account of a death in the family.

G. A. Green, who became a citizen of White Hall a few months ago, has been promoted to the dispatchers' chair in the C. & A. office at Roodhouse, in which office he has been serving in a telegraph capacity for a little over a year. For several years he was station agent at Hillview, and was in the same capacity at Pearl when he went to Roodhouse. His advancement is occasioned by the transfer of J. R. Postlethwait from Roodhouse to Bloomington. Train dispatchers now work on a six-day basis, and this requires the services of an extra man at each terminal for relief work.

L. J. Dwyer, in charge of the elevators and mill, stated today that arrangements are about perfected for resuming operations at the mill. The mill has been idle for two months. A man who had been employed met with an accident that incapacitated him, and representations have since been made to Frank Frech to take charge, but he will only consider leasing it. Mr. Frech is the man who made White Hall flour famous, and it is the desire of the entire community that Mr. Frech again take hold.

Dr. T. O. Hardesty, returned from service, will be found at 336 West State St. Hours 10 to 12 and 2 to 5, daily.

INTERSTATE TRAVELERS
Dr. Aberd and wife and Herman Hannah and wife were in the city yesterday on their way from Del Norte, Colorado to New York. They are camping along the way and seem to be enjoying the trip greatly and it surely agrees with them judging from their appearance. Ezra Scott had the pleasure of an interview with them as his son, Charles, whom they know lives in their town.

Oliver Coultas of the vicinity of Lynnvill was among the city callers yesterday.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying the zemo furnished by avert drugs for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dermal treatment for skin troubles. All kinds.

NO MEDALS DUE FOR THIS PERFORMANCE

The net results of an expenditure of \$1,181,182.850 by the Ordnance department for artillery during the recent war, was the delivery of 72 American-made guns on the firing line, and the shipment from the United States of 409 additional guns which did not arrive until after the conclusion of the war, according to testimony developed at recent hearings before the War Expenditures Committee of the House. The only guns to reach the firing line, according to officers appearing before the committee, were forty-eight 4.7-inch guns and twenty-four 3-inch howitzers. A total of 21,000 guns of all descriptions were contracted for, of which 4,082 had been finished before the armistice, but of which only 481 had been shipped and only 72 actually reached the front.

The committee has also produced startling facts with regard to the supply of American Ammunition resulting from the expenditure of \$3,173,054,546. The net result of this great expenditure was 10,637,359 shells of all descriptions landed in France, little more than enough for two days' work.

For Sale—100 acre farm, well improved, located six miles southwest of Jacksonville; will be sold at court house, Sept. 13, 2 p. m. One third cash. Possession given March 1st. William Whalen estate.

THE CENTENARY BURGOO

The grand burgoon announced by the men's class of Centenary church was a fine success. The night before A. M. Myers of Woodson and a first class soup maker, set his ten kettles boiling and by noon yesterday had some 750 gallons of delicious compound ready for consumption and a lot of people were ready for it.

J. M. Deatherage was general chairman and was assisted by Messrs. C. A. Wiedler, George Edman, Jr., T. H. Rapp, Ira Patterson, J. G. Berger and others of the class. The ladies of the church assisted in the serving and in addition to the burgoon soup they served watermelons, sandwiches and various other goodies so that a person with reasonable means could be well supplied with what was good and wholesome.

The pastor and all the people united to make the affair a success which it certainly was in addition to the good it accomplished socially and in getting the people to work.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

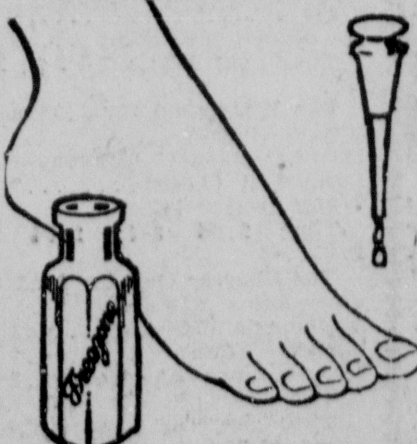

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monoacetic acid ester of Salicylic acid.

LIFT OFF CORNS!

Doesn't Hurt a Bit and 'Freezone' Costs Only a Few Cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of foot.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus, instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

IS INSTINCT ONE OF THE LOWER GIFTS?

From the youth's Companion.
We are accustomed, perhaps, to regard instinct as one of the lower gifts, yet from it spring some of the most beautiful things in life. A "veteran"—although he was only thirty years old—just back from France, was pacing a piazza on the third floor of his house, with a little child in his arms, and to keep his hold upon it the man leaned forward, lost his balance and pitched headlong over the railing to a concrete sidewalk fifty feet below. He was dead when they found him, but as he fell he had so folded the child in his arms that it was not even bruised. It was not his own child, but his sister's; but doubtless his arms would have closed just as firmly round the child of his worst enemy? Something stronger than life, certainly.

BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. Trace biliousness to its source and remove the cause and the chances are that the patient will remain strong and healthy.

Doctors say that more than 70 per cent of biliousness can be traced to an Acid-Stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, bloating and gas are other signs of acid-stomach. EATONIC, the marvelous modern stomach remedy, rings quick relief from these stomach troubles which lead to a long train of ailments that make life miserable if not corrected.

EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and comfortable. Helps digestion, improves the appetite and you then get all strength from your food. Thousands say that EATONIC is the most effective stomach remedy in the world. It is the help YOU need. Try it on our money-back guarantee. At all drug stores. Only 50c a big box.

DETROIT HURLER BLANKS ST. LOUIS

Leonard Invincible in Pinches—
Detroit Turns Infield Rollers
Into Hits by Fast Running—
Make Two Runs Off Four Hits.

Detroit, Sept. 4.—Leonard was invincible at critical moments, while Detroit made two of its four hits count and took advantage of passes issued by Rolla Maple to score two runs, winning 2 to 0.

Four of the visitors' hits were infield rollers that were beaten by fast running.

MARIONDALE WINS

CHARTER OAK STAKE

Beats Favorite Mignola Which Comes from Stable Lane—

"Pop" Geers Upsets Dope Pot by Winning the Nutmeg for Two Year Old Trotters from the Favorite, Natalie the Great.

Hartford, Conn., Sept. 4.—Mariondale, Tommy Murphy's trotter captured the Charter Oak stake of \$10,000 in the feature event of a five day race card at Charter Oak park today.

Mignola, Cox's noted stallion came lame from his stable and the hitherto unbeaten trotter was unable to cope with the speed of Mariondale. Mignola broke badly in the first heat and finished seventh. In the second heat Cox was sent away in the pole position and was never headed, Mignola registering the best time of the race, 2:07. The rush of Mariondale was too great in the third heat, Mignola going to a break in the stretch and finishing fifth.

One other upset occurred in the day's program when Natalie the Great, winner of seven out of eight starts this season, was defeated by Duetta in the two year old trot. Direct C. Burnett won the 2:06 pace, purse \$3,000. The best time was 2:04 3-4. The 2:08 trot, value \$3,000, was captured by Hollywood Kate in straight heats, best time 2:06 1-4. Prince Loree took the 2:06 trot after four heats. Wilkes Brewer won second money and made the best time 2:05 1-4 in the second heat.

HOLLOCHER'S HEAVE LETS PIRATES WIN

Wild Throw by Cub Shortstop in Ninth Gives Pirates Chance to Tie Score—Whitted's Triple and the "Squeeze" Puts Over Winning Tally in Tenth.

Pittsburgh, Sept. 4.—Pittsburgh won from Chicago today 4 to 3 in ten innings, in a hard fought contest. With two men out in the last half of the ninth and the score 3 to 1 in favor of Chicago, Hollocher threw wild to first on Terry's roller, which opened the way for a rally that tied the score on three hits and the error. Cooper relieved Adams. In the last half of the tenth with one out, Whitted tripped over Robertson's head and scored the winning run on the squeeze play as Barbare bunted toward third base. Ask us Why the "Hero"
is the best "Pipeless", and more Satisfactory than Others---

The best reason is its economical operation.

More than the above, but equally important, it gives at all times an adequate, even, moist heat to every room in the house.

The first cost is extremely reasonable.

From all standpoints, if you have no furnace or your present one is in bad shape, you should thoroughly investigate the "Hero."

and Hay Fever Sufferers**

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that it taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease. And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Archie at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

W. F. JOHNSON WINS TENNIS CHAMPIONSHIP

California Player Defeats William T. Tilden II in Straight Sets New Champion's Play Stamps Him as Great Player — Other Results.

Forest Hill, N. Y., Sept. 4.—William F. Johnson of San Francisco won the national singles turf court tennis championship at the West Side club today defeating William T. Tilden, II, of Philadelphia in three straight sets, 6-4; 6-4; 6-3.

In eliminating the Philadelphia, Johnson placed himself upon a tennis pinnacle seldom reached by racket masters. With Tilden he was the sole survivor of 128 players who began the struggle for the title on August 25. This field contained the famous Australian team, winners of the English championships at Wimbledon, as well as American players conquerors in the A. E. F. tournaments abroad.

Thus Johnson's victory stamps him unquestionably as the best tennis player competing in the game in any part of the world this year.

The new champion played fully up to the high standard necessary to clinch such an honor. It is doubtful if Johnson or any other

tennis star has ever shown a better all-round game from both the standpoint of stroking and court strategy. Tilden, however, did not go down to defeat without a demonstration of remarkable play.

Johnson is not quite 25 years of age. He stands but five feet, nine inches as compared to Tilden's height of over six feet and he weighs less than 130 pounds. Tilden after the match said: "I have never faced better tennis in my life. The point score and stroke analysis give an illuminating insight into the effectiveness of the rival racket work. Johnson won three sets to none 18 games to 11 and 109 points to 82. Johnson was guilty of 26 outs to Tilden's 30; 30 nets to Tilden's 38; while the loser was charged with five double faults to Johnson's one. The new title holder scored almost twice as many placements as the loser the score being Johnson 33 placements, Tilden 17, while on the other hand, Tilden drove thru eighteen clean service aces to three for Johnson.

Tomorrow the opening exhibition matches between the All-American and All-Australian teams will begin.

Summaries—Junior National Championship singles, final round: V. Richards, Yonkers, N. Y., defeated A. H. Chapin, Jr., Springfield, 6-2, 7-5, 6-1. Summaries—Veterans National Championship—singles for players 15 years or older, final round: Clarence Hobart, Alexander, Bay, N. Y., defeated F. G. Anderson, New York, 3-6, 6-2, 6-4. Summaries—Junior Doubles Championship final round: Alderson and Donaldson, New York, defeated Neer and Richards, New York, 6-0, 2-6, 6-4, 6-1.

CASE OF PITCHER MAYS WILL BE AIDED IN COURT

Injunction Case of New York American League Club Against President of the League Comes Up for Hearing—Lively Legal Battle Expected.

New York, Sept. 4.—The legal battle over the control of the American League which has been postponed several times in the past few weeks began today with Byron B. Johnson, president of the league, appearing before George J. Gillespie, referee, for a hearing preliminary to the arguments tomorrow as to why a temporary injunction, secured by the New York American League club against Johnson's interference with the activities of Pitcher Carl Mays should not be made permanent.

It was expected that President Johnson would be examined regarding his alleged financial interests in the Cleveland club; his alleged animosity toward President Harry H. Frazee of the Boston American League club and his allied partisan action in disciplining Carl Mays.

They are accompanied by their niece, Miss Lucy Palmer of Chicago and sister of J. Allerton Palmer of the Elliott State bank. The ladies have been in Chicago the past summer and enroute to Jacksonville visited their brother, Rev. J. M. Sturtevant, D. D. of Cleveland, Ohio. Their nephew, Edgar Sturtevant, son of Alfred H. Sturtevant, formerly of this city, was with them in Chicago where he was delivering a course of lectures before the students in the Chicago University from which he graduated as a Ph. D., some years ago. He is now assistant professor of philology in Columbia University, New York and an eminent man in his profession, doing honor to the name of his illustrious grandfather, the late Dr. J. M. Sturtevant, president of Illinois college.

AROUND HOME

David H. Vangeison, aged 34, and Miss Frances L. Ennis, aged 27, both of near Pawnee, were married in Taylorville at 10:30 o'clock Wednesday morning at the Baptist parsonage, Rev. J. H. Bagwill officiating.

Willie Clark, a young lad who has been working on the Charles Hobbie farm west of Petersburg, met with a serious accident Wednesday morning. He was riding on a plow when one of the tugs of harness came loose, and as he reached to pick it up, one of the horses kicked him, severely cutting and fracturing the skull. Physicians were immediately summoned and the wounds were dressed. While the injuries were very serious, it is thought he will recover.

F. B. Stearns, known as "Dad Stearns" throughout central Illinois, is dead at the Soldiers' home in Quincy. Word of his death was received Wednesday in Springfield, where he resided with his wife for three years at the home of Mrs. A. A. Jess, 729 South Second street. He was general agent for the Canadian Pacific railroad and had offices in the Myers building while a resident there. Mr. Stearns was a hotel man and the writer of a book of poems, which had a large circulation in their day.

Overdoing

How American Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

PASTOR'S ANNUAL REPORT OF GRACE M. E. CHURCH

One year ago this evening, I began my report with this sentence: "In presenting my report to the fourth quarterly conference of Grace church for the third year of my pastorate, it is but just to call attention to the fact that this has been an exceptional year." With the change of one word—"third" to fourth—the statement is as true now as it was one year ago. But in addition to the world war that so seriously hindered the work of the church last year, and from the aftermath of which we still suffer, we were more seriously embarrassed during the first half of this year by the scourge of the influenza.

The prohibition by quarantine of all church activities except private funerals during the first three months of the conference year and the prevalence of the epidemic in a very slowly decreasing degree during the second three months, were a handicap as serious as it was unprecedented in the history of state and church. Plans were utterly frustrated, organization was practically demoralized, and work reduced to a very low minimum. In view of these unprecedented and inevitable conditions the wonder is not that more has not been accomplished but that any advance has been made. The things accomplished, are the result of the faithful and efficient service of the various officers and their corps of workers, and merit the recognition and gratitude of this official body and of the whole church.

Special Features.
The third quarterly conference was held April 24—continuing the story of the centenary drive from that date, these services were held and these speakers heard Rev. Brothers Neil and Pettit and Dr. F. M. Rule; "a union Sunday evening service at Centenary church and a luncheon for our teams at which Minute men from Centenary church and others spoke. The canvass was made during the week of May 11 to 25 under the leadership of H. J. Rodgers, chairman of the local council. The report of H. H. Potter, treasurer of the Centenary fund, will give the amount of the pledges and the amount paid thereon to date. It is a matter of sincere and deep personal regret that the allotment has not been pledged in full. But this failure was apparent and inevitable from the moment that the apportionment committee decided not to ask for a pledge of more than \$200 a year. It is to be hoped that, during the five year period of the centenary, the allotment may be raised in full.

It ought also to be said that the Centenary has greatly increased the missionary intelligence and benevolent spirit of the Grace church and notably multiplied the giving of a part of the membership. In some instances those who had been giving \$3, \$5 or \$10 a year are now giving ten times those amounts. For this we thank God, take courage and pray that they and others may go on unto perfection in the grace of giving.

Pastoral Duties.
I have celebrated 8 infant baptisms, 5 marriages; officiated at 6 funerals; made 100 pastoral calls—a total of 351 for the year. July 27 is the only Sunday morning that I have been absent from my pulpit this year, when the church was permitted to open, and Dr. F. M. Rule preached one of his delightfully characteristic and inspirational sermons that day. The prayer meeting has been held regularly, but the attendance and interest have fluctuated; sometimes flaming brilliantly and other times flickering faintly.

The Epworth league put on a successful mission study for the fourth consecutive year under the skilled leadership of Miss Lulu D. Hay.

The Sunday school has had a year of most unusual discouragements, but the indefatigable superintendent has bravely led on and his report will demonstrate success in the face of apparent failure.

The reports of the officers of the pastor's aid, the W. F. M. S., and the W. H. M. S., will indicate large success in those societies.

The Mortgage Paid.
It is a real pleasure to record the payment in full of the mortgage debt on this building and to congratulate the board of trustees and the Pastor's Aid society, who have toiled so long, generously and successfully to achieve this financial victory. May their fond dreams for the future of this temple be early realized. A copy of the program of the Harvest Home jubilee held this evening, in honor of this victory, is herewith submitted as a part of this report for permanent record. The thanks of this quarterly conference are due Homer H. Potter, treasurer of the debt fund, for his faithful and expert collecting and accounting of the subscription taken May 6, 1917, to cancel the mortgage debt.

Benevolences.
For the first time in my ministry, I am able at this date to report the apportionment paid in full for the following benevolences:
Board of education . . . \$ 211
Board of Freedmen's aid . . 96
Board of temperance, prohibition and public morals 42
American Bible society . . 42
General deaconess board . . 13
General conference expenses . . . 14
Total \$418

In addition are these sums:
Endowment for conference claimants \$ 340
Anti-Saloon league 4
W. H. M. S. 485
Amount on hand from Centenary offering . . . 2,500
Financial Review.

It may be a matter of interest to review the financial record of the past four years. The record is:

J. A. WEEKS
Arenzville, Ill.

The reports for this year are not yet tabulated, but it is safe to say that they will be less than last year. This would make the total something over \$51,000. This does not include what the members of Grace church have given for Passavant hospital, and the various war activities such as the Red Cross, the Y. M. C. A., and the Salvation Army; nor the \$22,000 subscription for the Centenary except a part of the first payment.

This record evidences the splendid business methods and sagacity of the official board and proves that Grace church has not an archaic and fossilized institution nor a spent force. This conclusion is enforced a thousand fold when we think of what the whole church in the United States and the British empire did for humanity during the world war and is doing today for world reconstruction.

Imponderable Results.
But the finer results of the work of the Christian church can not be tabulated in figures. It is the greatest police force in the world, the most generous and helpful philanthropist; the most sane and potent social reformer, and the only agent of individual regeneration and salvation. No man can measure the spiritual forces generated by the workers of Grace church, who toil in love and faith, year after year. God knows and will reward His own. Thanks be to Him for the high privilege of service in His kingdom and to the members of the official board and church for their loyal co-operation in the King's business.

ESSEX Motor Cars

Note How Everyone

It Has Become a Familiar Car On Nearly Every Highway.

Hails the Essex

Essex owners report the satisfaction they experience at the way people speak of their cars. It increases their pride of ownership. Motorists and even boys on the street hail the Essex with some such greeting as "There is an Essex."

Curiosity in the car that possesses quality and performance at moderate cost and without the expense of such cars as formerly were the only ones that possessed those advantages, has given way to openly voiced admiration.

Essex Owners Are Its Salesmen

At first it was what people who had seen the Essex said about it that led to its popularity.

Now owners—and there are thousands of them—are endorsing it on every hand. People stop Essex owners to inquire about their car. The answer is unanimous. When asked as to its performance they make no reservations. Admiration of its riding qualities is never lacking.

Every wanted quality in an automobile seems to have been met in the Essex. Ask the first Essex owner you meet.

Essex Performance is Always Mentioned

There is no uncertainty to the owner as to Essex performance. Drivers know positively that their cars will meet any acceleration or endurance test they impose.

They know they can match the performance of whatever car they encounter.

There are now enough Essex cars on the road to permit you to note their performance. They are always in the lead when quick acceleration is desirable. They hold their own on the road against cars regarded as the fastest. They keep going and require little attention.

The repair shop is no place to learn about the Essex for it has little need to know the repairman.

Won't you make some inquiry about the Essex? You will find it interesting and convincing.

VIRDEN CHALLENGES INDEES FOR GAME

Clint Richardson Sends Communication in Behalf of Team—Says Doyle Called Runner Out at First Making Game Tie.

The communication given hereunder has been sent to the Journal by Clint Richardson in behalf of the Virden Nationals, who played here Labor Day.

We are not entirely familiar with the after results of the game on Labor Day when the Indies won 4 to 3 in the ninth inning. We did not have any money bet on the game, neither did Philip Dooling, sporting editor of the Courier.

Unless our eyesight is failing us, Neighbors, first baseman of the Virden team, was doing a juggling act with the ball at first base when Shook crossed the sack. Dooling is of the same opinion as we are.

One thing we are sure of and that is that all of the spectators and both teams left the field after Briggs touched the plate with the deciding run. Later a number of people who were holding stakes, called the Journal office and said that Umpire Doyle had told a number of spectators outside the park that he called Shook out.

Tom Doyle has played ball a good many years and we believe he knows that the place an umpire gives decisions is on the diamond. Somethings the referee of a prize fight after escaping from the supporters of the fighters gives his decision in his room in some hotel but we never heard of a baseball umpire doing that.

A game of baseball cannot be declared a tie unless stopped by rain, to allow a team to catch a train, or darkness. If Shook was "out" Doyle should have made it known before the teams left the field and the game should have continued as they still would have had nearly two hours to play before darkness came.

The Virden team, among them Richardson, walked off the field after Briggs scored, giving pretty good evidence that they thought Shook was safe. The way they had been crabbing for decisions all afternoon it does seem if there had been any doubt about Shook being safe they would not have given up so easily.

Richardson lays particular stress on Smith's poor work. For that matter, a decision on McManus at the plate in the second inning deprived the Indies of the tying run. Richardson missed McManus, and then started to run after him with the ball. However, Doyle called McManus out, and Richardson, who is a smart ball player, suddenly realizing that he was tipping his "mit" and stopped.

The communication from Mr. Richardson is given in full:

Challenge to the "Jacksonville Indies."

In reply to the score that came out in the Illinois States Register about the game played at Jacksonville, Ill., Labor Day, September first, 1919, by the Virden Nationals against the Jacksonville Indies. The Virden Nationals wish to state that they are willing to play against odds at all times and they are used to it. They are just that game, but they don't like to stick for such a dirty decision as the manager of the Jacksonville Ball Club gave us at the first base at the end of the ninth inning, which he claims let in the winning run. But umpire, Jack Doyle, of Murrayville, Ill., called the runner out at first and the game a draw, three, three.

After the argument was over, the game was to continue but the Jacksonville Club had left the grounds. Every Ball Club in the State that ever went to Jacksonville knows how they get robbed out of the game. What was the matter with the Jacksonville Club and most of all the rotten manager? Where is their clean sportmanship? That is just the kind of stuff that will kill the good old game, "Base Ball."

Well, for the fans who backed us with their roll of dough and in behalf of our Club, The Virden Nationals, we challenge the Jacksonville Ball Club, to a game for all gate receipts on their home grounds, if Manager Smith does not umpire. And if not satisfied will play on neutral grounds, for all gate receipts and as nice a side bet as they wish to produce. Let's see how much good old game sporting blood now is in the Jacksonville Indies. Play Virden
